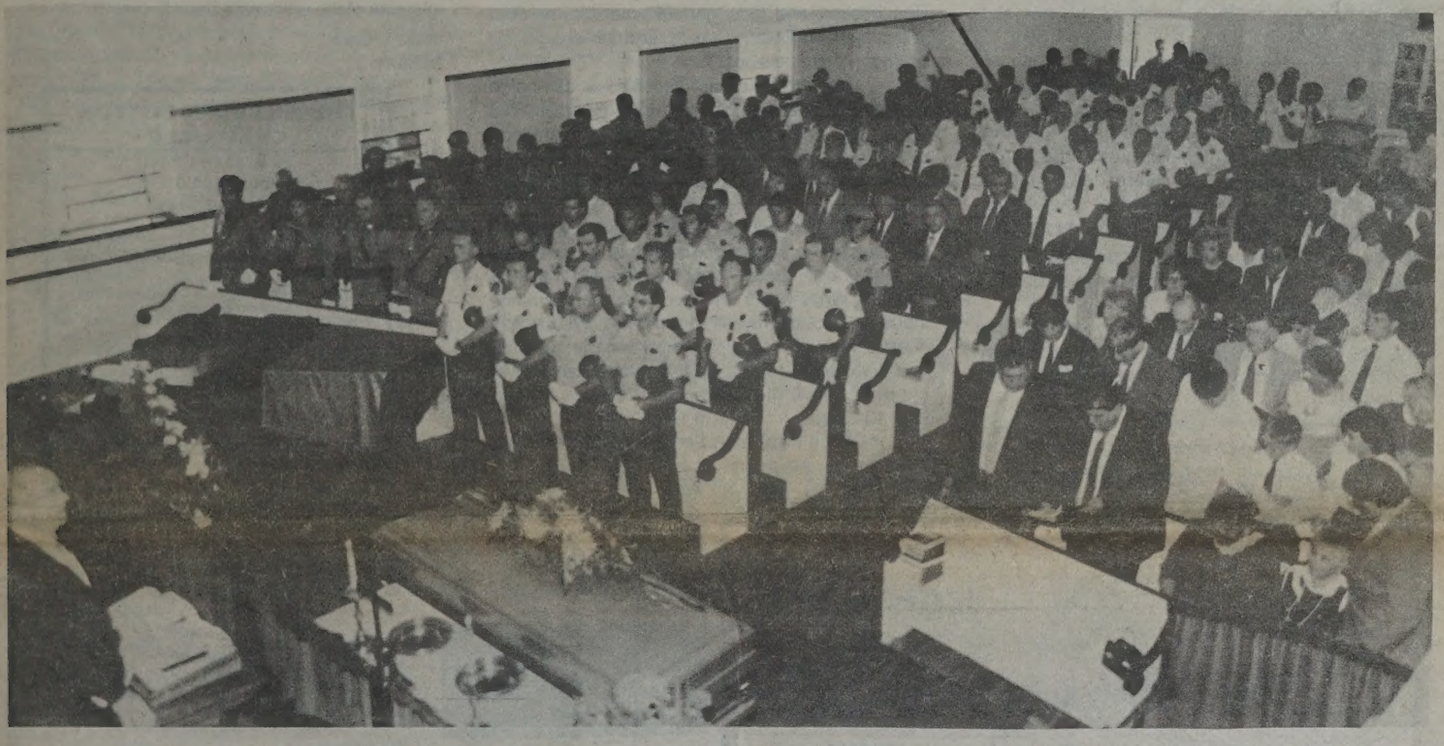
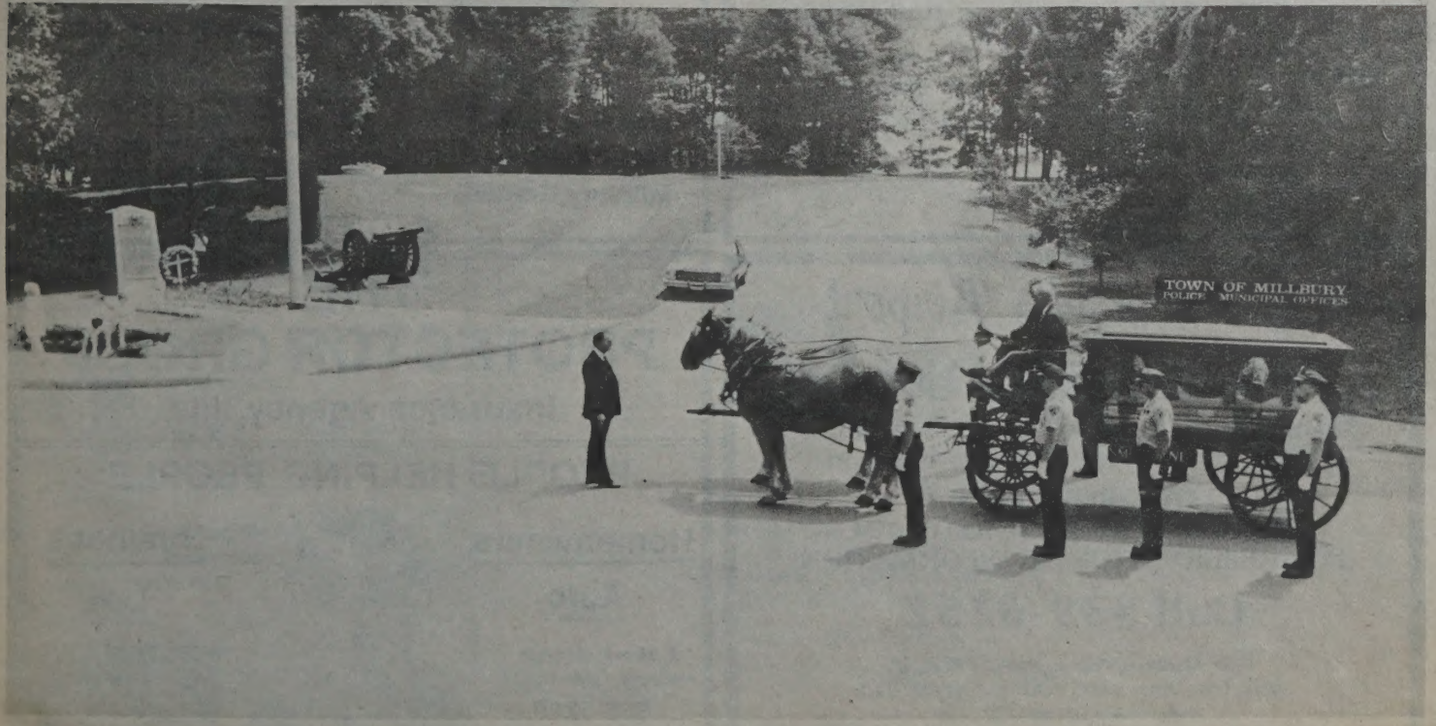
A Final Tribute...



MILLBURY - On Wednesday, August 10, police officers from throughout the state stood at attention at the First Congregational Church on West Main Street to pay final tribute to Millbury Police Chief George Brady who died unexpectedly on Saturday, August 6 at his summer home in Sutton.



Following the ceremony, the cortege, including 39 police cruisers, proceeded slowly down Elm Street under a blazing August sun. The antique horse-drawn black hearse, flanked on either side by members of the Millbury Police Department, paused for several moments in front of the war memorial at the entrance to the town's municipal offices. The flag, at half staff, waved in the gentle, summer breeze as Chief Brady's brother officers and colleagues dressed in formal, summer uniforms, drew smartly to attention and saluted in tribute before proceeding on to Central Cemetery.

We the people...

The Massachusetts Miracle?

To the Editor:

It was very interesting to note that in the Senate Judiciary hearing on the appointment of former Governor Richard Thornburgh to the position of Attorney General, several Democratic senators vigorously queried Gov. Thornburgh as to whether or not he had used state lottery funds in order to balance his budget. Many states, including Pennsylvania and Massachusetts, are mandated by law to balance their budgets.

On the face of it, our budget is balanced. But how? Smoke and mirrors, sessions lasting into the wee hours (and we know about those, don't we?).

After all, it would be unseemly for our would-be President to proclaim the 'Miracle of Massachusetts' before his convention and to the nation when he had failed to balance his own state budget. Come to think of it, we don't hear the phrase the 'Miracle of Massachusetts' much any more, do we? Possibly because the miracle has become a mess. Aid to cities and towns has been cut (will we get our lottery refund?). The Governor has borrowed to keep the state running, incurring more debt in the form of interest that must be paid. A practice that is illegal in most other states.

State Pension funds have been raided (retirees, or would-be retirees, watch out). Attrition will supposedly solve the problem, but all bets are off after November 8.

Costs at UMass will increase six hundred dollars this year because of cuts in education (which the Governor claims as one of his highest priorities).

Watch out for speeding tickets, for your permits to build and to improve your property, and for your filing fees for court procedures.

Check the sticker on your license plate because the Registry has messed up and thousands of people will not be advised of their expiration date, incurring a $100 fine and possible surcharge on their insurance (every little bit helps).

But don't call these taxes, call them user's fees, revenue enhancement, etc. In actuality, they are finger-in-the-dike politics and the citizens of Massachusetts are the recipients of said finger.

In his single-minded, well-financed, programmed quest for the presidency, his home state and its citizens will be left twisting slowly in the wind.

And he says, 'What I did for Massachusetts, I will do for the country.'

Catherine Marchand
Millbury

Where Was John?

To the Editor:

While Democrats across the land have been asking, 'Where was George?', Democrats, Republicans, and Independent voters in the First Worcester-Middlesex Senate District should be asking, 'Where was John?'.

Four years ago, I received a campaign postcard from a supporter of John Houston. The postcard contained several pledges that the candidate would fulfill if elected to the Massachusetts State Senate. Among the pledges were auto insurance reform and rules reform.

When I recently received two auto insurance remand premium notices for increased rates for 1987 and 1988, I was infuriated by the increases. While I was annoyed with the insurance industry, I found myself wondering, 'Where was John?'. After all, four years ago Senator Houston had pledged to reform auto insurance and lower the rates. Now, the insurance industry is looking for a 19.2% rate increase in 1989.

When I read that Senate President William Bulger had stretched the Senate Rules and rammed an 'Open School Enrollment Plan' through the Senate, that included Boston and Worcester, I was aghast. When I found out that Springfield was included in the original Bulger proposal but was exempted because of the work of its two Senators, I asked myself, 'Where was John?'. Senator Houston had proclaimed himself as a rules reformer, yet here were the rules being bent again at the expense of the First Worcester-Middlesex District.

If the voters of the First-Worcester-Middlesex District are wondering where John is this summer, one can only assume that he is out on the Campaign Trail, making the same 'Chicken in every pot' promises that he made in 1984.

While the voters of the district may be wondering 'Where was John?', they have the opportunity to elect a Senator who displays the integrity, strength, and ability to fulfill campaign promises. Former Millbury School Committee member Wayne Sclar exemplifies these attributes. If he is elected to the Massachusetts State Senate, we won't have to wonder where he is. Wayne Sclar will be on Beacon Hill representing the best interests of the electorate back home.

Millbury Selectmen's Meeting Digest

Highway Surveyor Offers Cost-Cutting Proposals for Millbury Ave. Reconstruction Project

By Edward J. Cooney

AUGUST 9, 1988

MILLBURY - Millbury Selectmen Chairman Jude Cristo called the August 9 meeting to order at 7 p.m. with board members Wynton Adams, John Donnelly, Roland Lachance and Donald Gauthier present. Minutes for the July 26 meeting were unanimously approved on a 5-0 vote, with no corrections.

Administrative Assistant Earl Chase then presented his weekly report.

- Chase informed the board that a request was received from Fire Chief Tom Nault to attend a seminar on evacuation planning. The board unanimously approved the request with funds to come from the business account.

- Chase then brought up a matter pertaining to the Veteran's Agent's Office, which is currently un-staffed. He noted that it took considerable time to review some of the files. According to Chase, an inspector from the Boston office came to Millbury but could offer little assistance as he was not familiar with the paper work involved in running the Millbury office.

"We have taken care of the immediate benefits of recipients," Chase said.

Lachance asked about the case load per week or per month, noting that he had requested that information at the last meeting.

Chase responded that the average case load was 8-11 cases per week, which involved medical and insurance problems. "There is a lot involved," he said.

- Moving to Appointments under Old Business items, the board unanimously accepted the resignation of Peter Gauthier from the Personnel Board.

Town Planner Dave Hulseberg was appointed a Special Police Officer, on a 5-0 vote.

Noting that there was one person, Yvonne Adamonis, bidding for the part-time head clerk position in the Veteran's Agent's Office, Chase suggested that the board consider making that appointment.

In response to some concerns expressed by the board, Chase assured the selectmen that Ms. Adamonis was aware of the fact that the position is part-time as opposed to the full-time position she presently holds.

Both Adams and Lachance suggested that the board interview Ms. Adamonis to discuss the new position.

Introducing the
Transformer Mortgage
Because rates that go up, can come down.

If mortgage rates that go up can come down, why lock into a high fixed rate now?
With the Transformer Mortgage from Fidelity Co-operative Bank, you don't have to. The Transformer lets you pay a low adjustable rate now **or** lock into a fixed rate security at your option. You can keep your adjustable rate until fixed rates are lower, and convert to a fixed rate at no cost to you anytime between the first anniversary and the fifth anniversary of your loan, **or** lock in a fixed rate up to seven days prior to closing. The decision if and when to lock in is yours. That's the Fidelity Transformer advantage.

Initial Rate	Annual Percentage Rate
plus one point **8.875**	***10.325**

If you want the Fidelity Transformer Mortgage, just stop by or call any one of our offices.

Because rates that go up, can come down...

Member Federal Home Loan Bank System
Member FDIC · An Equal Opportunity Lender

* Rates subject to change without notice. Interest rate is adjusted annually, based upon the weekly average yield on U.S. Treasury Securities, adjusted to a constant maturity of one year, as made available by the Federal Reserve Board, plus the applicable margin. The rate of interest on this loan is 7.75%, which reflects a discount of 1.375% from the regular rate which would have been in effect using the most recently published value of the index for this product plus the pre-selected margin of 2.50%. The discounted rate will be available for one year only. The Annual Percentage Rate is based upon closing on the first day of the month, on owner-occupied property, with a minimum 10% down payment.

Selectman Donnelly noted that he knows the applicant and stated, "She has worked here in different capacities. She wants a part-time job. Some women want part-time work rather than full time. Give it to her. She is wiling to give up her present job."

On a motion by Donnelly, the board approved the appointment on a 5-0 vote.

- Under a Resource Recovery Plant agenda item, it was noted by Chase that the town's tonnage was presently borderline or almost near the capacity allowed under the contract.

- Chase reported that a representative from the State Office of Administration and Finance will be in town on August 10 to view the downtown parking facility as part of the review process for a grant for funds.

In a related mater, Chase told the board that the Federated Church informed him by letter that they plan to place a chain link fence along the parking lot on Elm Street because they are concerned with liability.

Cristo noted that there were some discussions with the church in the past with respect to leasing the property for downtown parking. He noted that Elm Street is one area where there is a parking "crunch."

Cristo suggested that the board give some thought to seeking a lease. There would be room for parking 20-25 cars at the site in question.

- At 7:30 p.m., the board met with Paul Larosa, senior engineer with Bayside Engineering, consultant to the town on the Millbury Avenue Reconstruction Project. The bids for the project that came in were over the budgeted figure approved at the last town meeting.

Cristo noted that the low bid was $100,000 higher than Bayside's estimates and the board called Larosa in to see if changes could be made to bring the cost in line with the money appropriated.

Larosa was given a list of possible changes as developed by Town Highway Surveyor Joe Chase, which could bring a savings of up to $96,587.13.

Larosa told the board that there was an "unprecedented leap" in construction costs during the first six months of 1988. He also pointed out, as a matter of record, that the job was advertised at $480,000 and that paperwork processed by the town in June and July this year showed a final office estimate of $580,000. "The documents are on file," said Larosa.

Adams then said, "The reason we engage professionals is to establish costs initially so we can go to town meeting with costs. It doesn't help us much when we get estimates above. It puts us in a very embarrassing position."

Larosa responded by stating that costs were up by 30% in the Worcester area as compared to 1987 figures. "We can only offer excuses, not good reasons. It is a mater of the law of supply and demand. We did give estimated figures that were reasonable before bids were opened. We used state printed prices and actual prices being uncovered in the bidding process in the 1988 year. We tried to follow them. There was nothing but bad news. We will try to do those things that are necessary. Our fee was based on the lower figures. I should listen a little to suggestions," he added.

The board then reviewed some of the recommendations suggested by Joe Chase, noting that a savings of $48,899.60 could be achieved by substituting bituminous concrete for granite curbing. Additional savings could be achieved by cutting the thickness of the asphalt which could be made up in the near future with another overlay. Also suggested was using older style drain grates instead of the newer "cascade" types, and changing to a dense grade underlay which would reduce excavation requirements.

Lachance suggested that Larosa look over the cuts suggested by Joe Chase and get back to the board.

Earl Chase then distributed copies of recommendations from the State D.P.W. for traffic control relating to the proposed reconstruction.

After a brief review of the state recommendations, it was agreed that a cost estimate was not readily foreseeable. It was suggested by Cristo that Larosa review the recommendations in more detail and include his recommendations in the list he would be providing the board.

Larosa noted, "I don't see them (recommendations) asking us to change anything serious. It is not a critical item now. The critical item now is, is there a project going to be built?"

- At 8:00 p.m., David White, representing R.H. White Construction, appeared before the board to present a proposal to lay water pipes on Rte. 122A to provide a water line under a contract with Mass. American Water Company and the Wilkinsonville Water District of Sutton to provide a 2nd source of water to Wilkinsonville, as mandated by the State.

White explained that the project would require digging a trench across 122A at Lewcott Chemical and 2300' in Millbury along the shoulder of the road into Wilkinsonville. He emphasized that the proposal called for staying off the pavement of the road to avoid laying an overlay across the whole road. The project is not slated to begin until September.

Skyline Drive Phase II Road Under Construction

By Terry Barnicle

SUTTON - Some concerns expressed by residents in the Skyline Drive Phase Two area were addressed by the Planning Board at their August 8 meeting. Board members Craig Ferrell, Dave Suhl and Scott Paul were present.

Attorney Richard Welch, representing developer Frank Noel, announced that the road in the Phase Two subdivision is partially completed. This prompted the board to vote to release some lots from the covenant between the Town of Sutton and the developer. Attorney Welch assured the board that the town was still protected by a tri-party agreement, as well as by the covenant on the remainder of the lots. The board was also guaranteed that the money released to the developer by its bank under the construction loan would be used solely for construction of the road.

The tri-party agreement between the town, the developer, and the developer's bank, requires the bank to withhold the money from the developer until the town approves the road construction.

- MARK'S WAY

A public hearing was held at 7:30 p.m. on a Definitive Plan for "Mark's Way." Dana Gravison, of Blackstone Street, had submitted a Preliminary Plan last April. The plan is for an eight-lot subdivision on a 500' road with municipal water and sewerage. All lots meet the requirements of 20,000 sq. feet with 135' frontage. Wetlands in front of the property on Blackstone Street will be left in their natural state. There will be one paved sidewalk, as required by the by-laws.

Some abutting residents expressed concern over the ability of the wetlands to contain the additional run-off caused by the development. They were assured by the developer that the wetlands will be able to handle the run-off.

- SITE PLAN FOR BUILDING ADDITION

At 8:00 p.m., John Gosselin presented a site plan for a 30' x 66' addition to an existing building on Route 122A, across from the fire station and near Heritage Plaza. At present, the building houses a craft shop and one apartment.

Gosselin plans to add three stores on the first floor and two apartments on the second, with storage for the stores in the basement.

One concern expressed by the board dealt with parking. The board wants more parking in front of the building so people won't be parking in the road. Gosselin said that he will move the house back and will return to the board when he has provided more parking in front.

Kollios-Backed Children's Bills Passed

BOSTON - Two bills supported by Representative Paul Kollios (D-Millbury) were recently given final approval by the legislature and signed by the Governor. Kollios, House Chairman of the Committee on Human Services, stated, "These bills make specific changes which will help us better serve children in need. The first bill, H-587, removes the last obstacle now preventing the state from receiving full federal reimbursement for aid to children and families. Until the passage of this bill, the state could not share required social service records with the federal government, making us ineligible for some federal funds."

The second bill, H-5127, will direct the Department of Social Services to consider the wishes of a child to be placed in foster care outside of his or her home, if there has been a history of abuse and neglect in the home.

Tag Sale to Benefit Abby's House

WORCESTER - On Saturday, September 10, at 10 a.m., Abby's House will hold its annual Tag Sale at 23 Crown Street. A variety of items will be for sale, including furniture, toys, household goods, etc. This annual fund raiser enables Abby's House to continue to provide services to homeless women and children.

Fund-Raising Drive for Habitat Worcester

WORCESTER - The Greater Worcester Board of Realtors, Inc., which has been involved in a $200,000 fund-raising drive for Habitat Worcester, has announced that the drive will culminate in an auction/telethon on October 2, from 6 p.m. to 10 p.m. on Channel 27.

Habitat Worcester, an affiliate of Habitat for Humanity, provides carefully selected, low-income families with the resources necessary to own their own homes. In return, these families repay any loans and commit to a total of 1000 hours of work for Habitat.

SELECTMEN from Page 4

White said that he was not seeking a permit tonight but was interested in the board's input. Lachance suggested that Joe Chase and Donnelly meet with White on the site and review the project; the board agreed.

- At 8:15, the board met with George Gidopoulos, who requested a Common Victualer's License to open a pizza house at 110 Elm Street, to be called the Millbury House of Pizza. Gidopoulos told the board that he presently runs a pizza business in Sturbridge with his brother and that he will be running and managing the business in Millbury on a day to day business. According to Gidopoulos, the business will require six tables and the business will be primarily a "take out" pizza, grinder and spaghetti trade. The board approved his request on a 5-0 vote, contingent on Board of Health approval.

- At 8:25, the board met with William Moore who had submitted a letter of interest to serve on the Board of Appeals. During the brief interview, Moore stated that he was interested in serving the town and being a part of the process to oversee the control of growth in the town. The board unanimously approved his application to serve as an alternate on the Appeals Board.

- At 8:30 p.m., the board interviewed Inga Turner and Thomas Tecca who were requesting a Common Victualer's License, under a lease agreement, to operate a food and ice cream business at the former Purcell's restaurant on Canal Street.

The license was approved on a 5-0 vote, contingent on Board of Health Approval.

- The meeting returned to Old Business items, with a brief discussion of a Department of Public Works Study Committee which is recommending the reorganization of several departments to come under a Department of Public Works set-up.

Donnelly and members of the study committee noted that the proposal would have to be approved by two town meetings and special legislation of the general court. Adams suggested that it would be the best thing for the town even though it might not be best for some individuals who are elected. "We should go ahead with it. If we lose at the town meeting we will know where we stand."

Cristo suggested that Earl Chase place the item on the warrant for the next special town meeting; it was not specified when the next town meeting would be held.

- The board tabled a request for support of a J.F.K. Day that was presented to the board several weeks ago by James Coughlin, a representative for Citizens for a State J.F.K. holiday. The action by the board killed the request for a letter of support.

- A request for false alarm fees, suggested by Fire Chief Tom Nault, was held over at the request of Lachance who wanted more information. Lachance noted that there were many false alarms received from the elderly apartments on Elm Street and he wanted to know if the fees would be applicable to the apartment complex.

- A request by Scott Anderson for a Class II License to sell used cars was approved on 5-0 vote.

- The board voted 5-0 to approve a request from the Conservation Commission to reduce their board from seven members to five.

- After a brief discussion raised by Lachance's inquiry concerning the lack of a functioning Finance Committee, the board asked Earl Chase to forward all the mail accumulated for the Finance Committee to the Town Moderator. It was noted that the Finance Committee is short members and that it is up to the Moderator to make appointments and conduct the first meeting of the Finance Committee for the new fiscal year.

Board members expressed concern with the lack of a functioning committee as a special town meeting will probably be scheduled in the next month or two.

- Cristo suggested that the Youth Activities Committee be placed back on the agenda as monies were supported at the town meeting for establishing a Youth Activities Commission with a director.

- Adams asked Chase to check on an area of fencing missing on West Main Street to see if it could be repaired as it posed a possible safety problem.

- Gauthier suggested that Chase check on Latti Farm Road to see if the back road could be blocked off as dumping has occurred at the site. He noted that last year the owner was to have blocked off the entrance but has not done so.

- Under "New Business," the board unanimously approved the following requests before voting to go into executive session:

1. a street opening on Rhodes Street for new gas service.

2. a street opening off Scott Street, requested by Commonwealth Gas.

3. a street opening request on Manor Road, by Bob Bernard, for water service.

- At 9:00 p.m., the board voted to move to executive session to discuss matters pertaining to pending litigation.

Drug Task Force Announces Toll Free "Drug Tip" Number

The Regional Drug Task Force-Middle District has announced the following toll-free drug tip telephone number: 1-800-282-1119. There will be a recording with instructions when a caller dials the number, or, if the number is called between 3 and 5 p.m., Tuesday through Friday, there will usually be someone available to talk directly to the caller. All information is strictly confidential, and callers do not have to identify themselves.

The Drug Task Force recently escalated in June from four communities to 10, including Auburn, Boylston, Grafton, Marlboro, Millbury, Northboro, Westboro, West Boylston, Shrewsbury, and Southboro. An officer from each community is assigned to the Task Force. These officers can be contacted at the Task Force Toll Free Line or messages can be left at their respective departments.

During the last two months, total seizures were in excess of 100 pounds of marijuana, approximately one pound of cocaine, several hundred amphetamines and other pills, quantities of psychedelic mushrooms, and $41,000 in cash. Sixteen individuals were charged with possession with intent or trafficking drugs, 22 were charged with possession of various drugs, four were charged with conspiracy to violate the drug laws, and several were charged with firearms and other non-drug charges.

The success of the Task Force has, to an extent, been influenced by citizen cooperation from the different communities served by the Task Force. This cooperation will be extended by the existence of the toll-free drug tip line.

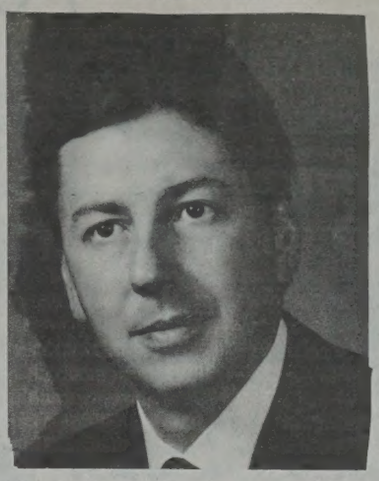
Protector Group Grows, Names Treasurer



WORCESTER - Robert J. Vaudreuil has been named Treasurer of the Protector Group Insurance Agency, Inc., with its main office at Washington Square and offices in Millbury, Barre, Spencer, Fitchburg, and Holliston.

David R. Grenon, President, announced that the appointment is effective immediately.

Vaudreuil is the first person appointed to the post full-time. The Treasurer's position was previously held by Grenon, who retained the title of President and Treasurer. Grenon said that the new appointment is a testimonial to the Protector Group's growth.

Vaudreuil, a Certified Public Accountant, comes to the Protector Group from Peat, Marwick Main and Co., Certified Public Accounts, where he was Senior Audit Manager in their Worcester office.

A native of Holden, he is a graduate of St. John's High School in Shrewsbury and Nichols College, with honors.

Vaudreuil is active in a number of community and non-profit groups. He is Chairman of the Board at Saint Francis Home, Treasurer and a Director of the Worcester Children's Friend Society, a Corporator of Holden Hospital, and a member of the Young Businessmen's Association of Worcester. He is also active in a variety of professional groups.

Vaudreuil and his wife Sheila reside in Holden with their son, Joseph.

Area Welcomes Caribbean Teachers

MILLBURY - If the hot humid weather continues through Thursday, August 18, Cynthia White and Gillian Holloway will feel very much at home when they are welcomed to the Millbury area by well-wishers from the Millbury Federated Church. The two young women are from the Caribbean country of Dominica (pronounced Dom-in-ee-ka), and will spend the next year studying culinary arts at Blackstone Valley Regional Vocational Technical High School. They are presently teachers at Wesley Girl's School, a high school in Dominica. Following the year of study, both women have agreed to return to the island to teach these subjects for at least four years.

St. Andrew's High School

Cynthia and Gillian are part of the Partners in Education Project (PIE) sponsored by the United Methodist Church (Central District). While here, they will be staying with local families. Cynthia will be staying with Millbury residents Dennis and Shirley Sherman and Gillian will be staying with a family in Upton. Last March, as part of a church-sponsored work team, Dennis Sherman spent two weeks in Dominica renovating the kitchen of St. Andrew's High School.

Sherman explained that the young women will find this area quite different from their native tropical country. Dominica is a small developing nation in the Caribbean with about 80,000 residents. It is a poor country by our standards, with residents earning an average of $844 per year. However, according to Sherman, what the residents do not have in income is made up in a quality of life that most of us would envy. "The people of Dominica are extremely warm and friendly," he said, "and are eager to help everyone."

This tropical island is a virtual paradise with lush fruits of all varieties growing wild. "It was a thrill to be able to take a break from work and simply take a fresh grapefruit or banana right from a tree as a snack," Sherman said. What also impressed him was the way the islanders would approach him and the others in conversation as though they had been lifelong residents.

According to Sherman, one of the hallmarks of these gentle people is their sense of sharing. One missionary staying in a Dominican home discovered that his host had given him her bed and was sleeping on the floor in an adjacent room. "One woman we visited insisted that we share what little food she had and her last '7 UP'," he marveled.

Sherman, who is planning to return to Dominica next spring, hopes that his guests from Dominica are well received. Already, the sponsoring group is impressed with the cooperation they have received from the administration of Blackstone Valley Tech and from other people and groups in the community who will participate in hosting Cynthia and Gillian. The women have already agreed to share some of their experiences by giving talks at area gatherings.

Sherman hopes that the communities which will host Cynthia and Gillian will embrace them with the same zeal and intensity with which he was afforded.

On The Shelf

By Rosemary Waltos

The steady proliferation of products and services makes it difficult to be a wise consumer. Remember when: you only had the choice of Prell, Breck and Johnson & Johnson shampoos?; when a toaster and electric mixer were the most sophisticated small appliances in your kitchen?; when the most difficult car buying decision was whether to buy a Ford or a Chevy?

Even though we can't return to those seemingly simple times when there wasn't much to choose from, it is possible to make smart purchasing decisions by knowing the questions to ask and the places to find the answers. Your public library, the Millbury Public Library, is the place to go for this. The library has general buying guides and guides that cover specific products and services.

The most popular of the general buying guides is *CONSUMER REPORTS* magazine which provides information and advice on a wide variety of goods and services. In addition to having the latest issues of this magazine, we also have 1985, '86 and '87 bound volumes of *CONSUMER REPORTS*, so you're sure to find the issue you need for the products you're interested in. We also have *CONSUMER REPORTS BUYING GUIDES* since 1985, including the recent 1988 edition. These buying guides are a convenient one-volume source that includes major test reports, brand and model ratings, and general buying guidance from the monthly *CONSUMER REPORTS* magazine.

Two other general consumer guides are *CONSUMERS RESEARCH* and *PENNY POWER*. *CONSUMERS RESEARCH* magazine does the same job *CONSUMER REPORTS* does, but it does not cover as many products. *PENNY POWER* magazine is a consumer guide, written for children, that you'll find in the library's children's room. A fun, eclectic book that will put you "in-the-know" is *THE BEST: A DISCERNING SELECTION FOR THE QUALITY-OBSESSED*, written by *NEW YORK TIMES* writer Peter Passell.

One of the most difficult purchasing decisions there is to make, and one that can have costly, not to mention frustrating consequences, is the car buying decision. The library has plenty of sources to help you. *CONSUMER REPORTS* April issue is one of the most sought after sources in this area. *CAR AND DRIVER BUYERS GUIDE* is another source. Both give good evaluations and are updated yearly. *CONSUMER REPORTS CARS* is a video that will explain how to buy a new or used car. *THE CAR BUYER'S ART* by Darrell Parrish, outlines strategies to use to assure that you buy the car you want for a fair price.

Speaking of price, don't get rooked on your new or used car deal. The library has the *EDMUND'S 1988 NEW CAR PRICES* and *EDMUND'S USED CAR PRICES* guides. Both titles come out quarterly. In addition to these, you can also find the monthly publication *NADA OFFICE USED CAR GUIDE*, providing values of cars from 1981-1988. You'll also find the *NADA APPRAISAL GUIDES: OFFICIAL OLDER USED CAR GUIDE* providing car values for models 1971-1980. *THE OLDER USED CAR GUIDE* is published three times a year. You can ask for these at the library's circulation desk.

If you're in the market for a computer or computer programs, there are three good sources to turn to: the first is *COMPUTERS FOR EVERYBODY: BUYER'S GUIDE* by Jerry Willis, covering 200 personal computers in the $400-$5,000 price range. The *WHOLE EARTH SOFTWARE CATALOG* serves to identify and comparatively describe the top personal computer products with emphasis on software products. *PERSONAL COMPUTING* magazine is another source for up-to-date evaluations and buying information, as well as in-depth articles on all aspects of computers and their use.

Household appliances, kitchen equipment and electronic products are covered in most general buying guides. You'll also find them covered in handy one book sources too. *GUIDE TO KITCHEN EQUIPMENT* provides information and advice to help you buy the best in small appliances and utensils. *GUIDE TO ELECTRONICS IN THE HOME* covers brand-name products ranging from video to stereo equipment, burglar alarms to smoke detectors, and calculators to computer printers. *GUIDE TO APPLIANCES* is an authoritative guide to everyday household appliances including washing machines, trash compactors, vacuum cleaners, and water filters.

There is also lots of advice on how to invest your money and get the highest rate of return on your investments. The newest investment source that the library has on its shelves is Moody's investment service, designed to meet immediate investment needs. This includes the *OTC INDUSTRIAL MANUAL AND NEWS REPORTS*, containing financial and business information on 2,000 industrial companies on the New York and American Stock exchanges and over 500 regional exchanges. There is the *HANDBOOK OF COMMON STOCKS*, providing data on 1,534 companies. These books are up-dated at various intervals throughout the year.

Another source worth noting is the *INVESTOR ALERT: HOW TO PROTECT YOUR MONEY FROM SCHEMES, SCAMS, AND FRAUDS* by the Council of Better Business Bureaus and the North American Securities Administrators Association. The purpose of this book is to help small time investors who are looking for alternatives to stocks and bonds and other conventional types of investments, from falling prey to investment scams.

Sutton Newcomers Asked to Register Children Early for School

SUTTON - Ms. Beverly Brown, Principal of the Sutton Elementary School, is requesting that any newcomer to Sutton who will have children entering school in September (Kindergarten through grade 6) to register before the opening of school. The Elementary Office is open every day from 8-2. A birth certificate is required for all youngsters starting Kindergarten.

Parents of students who may be transferring to another school are also requested to notify the school and pick up the necessary transfer papers.

Notice from the MHS Guidance Office

MILLBURY - Millbury High School students who failed a required subject and did not go to summer school should see their guidance counselor in order to adjust their schedule for the coming year. The counselors will be available in the guidance office from August 29 to September 1.

Millbury High Fall Sports Physicals

MILLBURY - Fall sports physicals for all student-athletes will be conducted at Millbury High School on the following days:

August 23 - boys' physicals at 9 a.m.

August 24 - girls' physicals at 9 a.m.

Students are reminded to bring their completed pre-physical form. This is required before a physical can be given.

Disney Film at Library

MILLBURY - On August 27 at 6 p.m., the Millbury Public Library, 128 Elm Street, will present the full-length animated film, *ONE HUNDRED AND ONE DALMATIANS*.

This movie is the last in the library's summer Family Film Series and is Disney's most pleasing post-war full-length cartoon. It is based on an amusing story by Dodie Smith that serves up a mixture of fun and high jinx in great Disney style.

Roche Criticizes House and Senate Leaders

WESTBORO - Jack Roche of Westboro, the Republican candidate for State Senate in the 1st Worcester and Middlesex District, claims that "the house and senate leadership has sold out public education and other local services in exchange for extra legislative staff and office supplies."

Roche criticized Massachusetts House and Senate leaders for not calling the legislature back into session to debate overriding the governor's veto of $91 million in local aid.

"It is a sad day for local services such as police and fire protection and public education when our senators and representatives can sit silent for the price of a few extra staff and paper clips, while important community services go unfunded," Roche said.

Roche believes that the Governor's veto of local aid should be overridden and that legislative accounts and salaries should be cut instead. He has also criticized Senator John Houston for his silence on this issue. According to Roche, "Mr. Houston was ready and willing to give himself an $11,000 pay raise last year, but where is he now when community services are being cut."

Roche said that he is running for state senate against Houston, "because of the incumbent's lack of any meaningful initiatives to reform senate rules that he said he would do in 1984, his support of the legislative retroactive pay raise and emergency preamble, and his support of the anti-small business health care legislation."

Training Course for Docents

WORCESTER - The Worcester Heritage Preservation Society will provide an opportunity for members of the community to learn about Worcester's rich architectural heritage and to share that knowledge with the public. A new training course for docents will begin on September 27 and will be held every Tuesday afternoon through November 15. The course is free and open to adults who are interested in Worcester's architecture and history.

"Docents are the backbone of our educational programs," said Janet K. McCorison, Executive Director of the Worcester Heritage Preservation Society. "They lead tours, give classroom presentations, conduct research, and work with community groups."

The training course includes five lectures on Worcester's architectural history and three field trips, two around Worcester and one to Providence. Stephen Jerome, architectural historian and preservationist, will be the course instructor.

Additional training in January and February will concentrate on program development and presentation, public speaking skills, and teaching methods for children and adults.

Docents are asked to make a 2-year commitment to leading tours and other programs. Previous experience in architecture and history is not necessary, but enthusiasm, commitment and the desire to share one's knowledge are essential. A few spaces may be available for those who are interested in auditing the course, for a fee.

For more information and application forms, call or write Sandra Gibson-Quigley, Education Director, Worcester Heritage Preservation Society, 71 Pleasant St., Worcester, MA 01609 (508) 754-8760.

PLANNING

Have you given any thought to financial goals...creating money to buy a house, putting the kids through college, buying a summer home at the Cape, finding enough to retire on...whatever?

These dreams can come true, but it takes a plan. Creating a financial plan - using your objectives - is what we do best--and we've been doing it longer than any other organization in Central MA (since 1972).

We'd like to help you develop a plan to make a dream come true. Why not call us today?

matters is important to everyone, especially parents. The *PARENT'S GUIDE TO PEDIATRIC DRUGS* provides you with "the need to know" information about prescription and over-the-counter drugs for children from infancy through adolescence. *THE CONSUMERS DRUG DIGEST* and *THE ESSENTIAL GUIDE TO GENERIC DRUGS* are helpful guides to people of all ages. *THE CHILDWISE CATALOG* is not strictly health-related, but it provides the "best kids' insurance" you can buy. It covers purchases such as cribs, car safety seats for all ages, powder, oils and ointments, toys, tricycles, and carriages. It also provides service information on child care and preschool facilities, pediatricians, immunization, food and diet, dental care and on, and on...

Got a consumer complaint? Maybe you can't find coverage on the product or services you're about to invest in. *CONSUMER'S RESOURCE HANDBOOK* is the place to start. It is a "how-to" source that explains ways to communicate more effectively with manufacturers, retailers, and service providers. It also provides consumer complaint strategies that work. Finally, it lists hundreds of agencies, corporate contacts, institutions, and information centers that can provide you with assistance.

The materials mentioned here are located either in the nonfiction circulating collection or the library's reference collection. As always, the library staff will be happy to help you find the answers to your consumer related questions.

Sutton Senior News

WEEK'S ACTIVITIES

FRIDAY, AUGUST 26 - Roast Turkey w/ Gravy, Sweet Potato, Green Beans, Italian Stick w/Butter, Chocolate Chip Cookie

Window Display Contest

BLACKSTONE VALLEY - The Blackstone Valley Chamber of Commerce is sponsoring its second annual "Heritage Homecoming Window Display Contest" for businesses in the 11-town region.

The contest is aimed at getting more businesses involved with the September 28-October 2 Homecoming celebration and recreating the "old-town" atmosphere of years past. The only contest rule is that business windows be decorated as they would have been about a century ago.

The three best displays will receive awards based on an 1800's theme, originality, authenticity, unusual or unique presentation and the relation to the business presented. In order that the awards can be seen by all who attend events during the Homecoming, judging will take place on September 26 and 27. Award winners will be named on September 27.

For more information and for a registration form, contact the Chamber at 33 Waldo Street, Worcester, or call 753-2924. Registration deadline is September 22.

Parents Without Partners

MILLBURY - The Worcester Chapter of Parents Without Partners, a non-profit organization, will sponsor an open dance on Saturday, August 20, at the P.N.I. Club on Millbury Street in Worcester.

The dance will begin at 8 p.m. General admission is 4.00.

Library Looking for Photos

MILLBURY - You can help the Millbury Public Library celebrate its 125th anniversary next year. The Friends of the Millbury Public Library is looking for any black and white photos of the library that can be included in a 125th library commemorative publication scheduled for release in April, 1989. If you have any black and white photos, bring them to the library by September 1. Pictures will be returned.

A Bit of History....

by Grace Laflash

Because it is our town's 175th birthday, I would like to share a bit of history with you.

The Second Congregational Church (Federated) at Millbury Center held an important meeting on June 25, 1839. Members were not quite certain that it was proper for women to speak in meeting, so the matter was debated. No decision was forthcoming.

Subsequent meetings ensued, and there was much discussion. Should women have the right to participate? The issue remained unresolved. It was voted that the subject be indefinitely postponed.

AROUN' THE TOWN & GOLDEN AGERS UPDATE

By Lillian C. Sheehan

"SPECTACULAR" is perhaps the only word to describe the sight as we witnessed the funeral cortege of the late Police Chief George Brady. Never in the history of Millbury has a person had so many turn out to honor an individual. He was a great chief, loved his work and helping people, which was evident by the attention he received in return!

The Common is especially attractive these days with the circles of flowers brightening it, thanks to the Committee in charge. Despite the heat, the Ragtime Rowdies still had a fine audience Sunday evening.

This coming Sunday, August 21, there's a real treat in store - Butch and Maeve will appear with a tap dancer and folk singer. So come prepared with your lawn chairs. "Happy" says there will only be one more band after this!

CENTERVIEW APARTMENTS - The next Bingo will be on Wednesday, August 24, at 7 p.m. Bring your pennies and plan to enjoy a fun evening with prizes and refreshments.

HOUSEHOLD HINTS

Suggestions for storing fruit: don't allow fruits to touch each other. If you must keep them in "close quarters," wrap them in tissue paper so the skins are not in direct contact.

What is the best kind of container in which to keep potatoes? A wire wastepaper basket is good for this purpose. The air can circulate through it, and it will not attract insects.

Is there any way to clean a discolored coffee pot? Boil it in a strong solution of Borax, then wash in the usual way.

To soften brown sugar which has become hard, put the sugar in a covered jar or container with a cut apple or a very soft piece of bread. To keep brown sugar from getting hard, store it in a tightly-covered jar.

To prevent the bottom crust of a fruit pie from becoming soggy, brush the crust with the white of an egg before placing in fruit.

WIT AND WISDOM

- People with an axe to grind often fly off the handle.

- My wife does wonderful things with leftovers - she throws them out.'

- Happiness is being married to your best friend.

- If short shorts become any shorter, they won't be allowed any longer.

- Remember when buying on time meant getting to a store before it closed?
